

Frequency response: 20-20000Hz +/- 0.01db
 R1,R11: Refer to recommended output load of MC type (usually 50 to 100 ohms).
 Replacement type T1,T3: 2SC2855; T2,T4: 2SA1190.
 R9 refers to LED type.
 Manufacture with optimized PCB layout and shielded case. Prefer short input leads.

Type: MC2010
 MC to MM Converter
